

# JOHNNY HALL

Software Engineer

johnnyhall.dev | linkedin.com/in/johnny-hall-dev | jbhall4291@gmail.com

Full-stack engineer with client-facing experience across modern web, mobile, and cloud technologies.

## WORK EXPERIENCE

### PARAMET

Software Developer & Client Engagement | Jul 2023 - Current

- Build and maintain full-stack web and mobile apps across greenfield and legacy projects at a leading provider of industrial HVAC configuration tools.
- Work directly with clients, translating business needs into solutions that unlock measurable ROI.
- Represent the company and demo products to prospective clients at international trade expos.
- Contribute to onboarding and mentoring new team members.
- **Tech:** Modern web and cloud stack including React, Next.js, .NET, SQL Server, MongoDB, and Azure.

### NORTHCODERS BOOTCAMP

Trainee Software Developer | Jan 2023 - Apr 2023

- Completed a full-time, immersive training programme focused on full-stack JavaScript development.
- Built and deployed several team-based projects using React, Node.js, PostgreSQL, and RESTful APIs.
- Applied TDD, Agile workflows, pair programming, and Git in a collaborative team environment.

### LONDON BLACK CAB DRIVER

Self-Employed | 2012 - 2022

- Operated independently in a customer-facing role, building strong communication and problem-solving skills.

## PERSONAL PROJECTS

### TAPPI

Raspberry Pi-controlled device created with my niece during her work experience to explore Python.

### LOREM ALAN

A VS Code extension that generates Alan Partridge-style placeholder text, available on the VS Code Marketplace.

## EDUCATION

### ANGLIA RUSKIN UNIVERSITY

BSc (Hons) Business with Economics

## SKILLS

TypeScript/JavaScript	React	Next.js	Node.js	C#	.NET	SQL	MongoDB	Azure
-----------------------	-------	---------	---------	----	------	-----	---------	-------
